Dr. Rafael Rodríguez Cabrera (Mexico)

30th ICOH Congress Cancun 2012  
Special Session SS095  
Educational on Occupational Health in Latin America

## Different Models of Occupational Health Administration in Latin America

Prof. Dr. Claudio Taboadela  
ICOH Board Member  
ALSO President

The administration of Occupational  
Health is quite different among the  
Latin American countries

Public, Private and Mix models of  
administration of OH can be found  
in Latin America

None of them have shown to be  
the best

### Differential Characteristics in different countries of Latin America

- Acceptability
- Universal coverage of workers
- Integration with Safety & Hygiene
- Equity
- Quality
- Efficiency
- Sustainability

The purpose of this special session is that prestigious Latin American experts explain the model of administration of Occupational Health in their countries and discuss advantages and disadvantages.

Thank you very much  
Muchas gracias
